This class will be held on Tuesdays and Thursdays from 9:00 – 11:45. We will have P.E. on Tuesdays and Music on Tuesday and Thursday.

In this class, we will be focusing on several things. With a 2 1/2 year old, the main skills we will be focusing on will be socializing with peers, fine and gross motor skills, increasing verbal skills, and following simple 2 step directions. All these skills are important for your children to master for life skills and to prepare them for their future schooling.

We will also be focusing on the following academic skills: recognizing and verbalizing colors, recognizing and verbalizing shapes, recognizing their first name and learning the first letter of their name, Holidays, Seasons, and safety concepts. However, we will be learning all of these concepts in an age appropriate and fun way! The best way to learn is by having fun, especially when you are two years old!!!
